LOCAL GOVERNMENT REVENUE SOURCES

EARLY DEVELOPMENT

Review state and local policies and laws to assess and collect revenues

Community and developer agree upon development fees

ADVANCED DEVELOPMENT

Estimate amount of long-term tax-based revenues -or-Negotiate agreement for alternative revenue payments

Collect sales tax or use tax on turbine components and/or materials

CONSTRUCTION

OPERATIONS

Event

Revenue, payments, or spending

Frequency of payments

Because timing can vary widely depending on location, project type, and other factors, these timelines are meant to illustrate the relative order of events and do not include specific guidance on how long certain steps may take.

Collect permit or building fees

Construction workers spend earnings, increasing ancillary sales tax revenue

_ _

Collect annual long-term revenues, based on tax assessment or alternative payment structures such as payment in lieu of taxes

Operations workers may live near the wind farm energy project, increasing tax base
